

Real Estate Energy Audit program

## Audit Coupon Information Sheet

Ameren Missouri offers the Real Estate Energy Audit program so homeowners know how to save energy with a certified home energy audit. An energy audit can help determine how much energy a home uses and identify improvements to make the home more efficient and comfortable. An energy audit is the first step toward making energy-saving home improvements. Below is a coupon for \$200 off an audit.

### How to take advantage of your discounted energy audit:

- ✓ Choose a Certified Home Energy Auditor (HEA) local to your area and call them to schedule an audit. Use the list of Certified HEAs found at: <https://energy.mo.gov/auditors>
- ✓ At the time of the appointment, make sure to give your Certified HEA the coupon included below. They will be able to discount the audit by \$200.
- ✓ Use the Certified HEA's report as a starting point as you consider performing energy-saving improvements on your new home.

In order to participate in this program, you must be an electric customer of Ameren Missouri. The coupon can only be redeemed for qualifying audits performed by HEAs who are currently certified by the Missouri Division of Energy.
